MYOTOR
MUSCLE ACCELERATOR

*Enhanced with MyoTOR® for improved strength & stamina***

**CLINICALLY PROVEN TO:**

- *Accelerate results in as early as 2 weeks***
- *Improve bench press by 23 lb. and leg extension by 17 lb.***
- *Increase muscle endurance***

* As a 8-week, randomized, double-blind, placebo-controlled study of 33 healthy men compared the effectiveness of this proprietary muscle activator blend and leucine vs. an isocaloric carbohydrate placebo consumed before and after resistance training. Subjects consuming the leucine-whey protein supplement experienced greater increases in muscle strength than those on the placebo. Leucine-whey protein supplementation also increased muscle cross-sectional area from baseline.

* When used in conjunction with an exercise program.

**An 8-week randomized, double-blind, placebo-controlled study of 118 healthy men participating in a supervised resistance training program showed that those taking MyoTOR® had significant increases in mean upper body strength (23.2 lb. vs. 15.4 lb.), mean lower body strength (22.1 lb. vs. 11.2 lb.) and muscle endurance after 8 weeks vs. those who took a placebo with the same exercise. Improvements in strength were seen in as early as 2 weeks. Men on MyoTOR® had greater improvements in muscle strength and upper body endurance vs. those who took a placebo but exercised twice as much.

KEEP OUT OF REACH OF CHILDREN.
Store in a cool, dry place.

## SUPERIOR PERFORMANCE PROTEIN

**Enhanced with More LEUCINE & BCAA than Standard Whey Protein**
Elevated Muscle Fuel for Muscle Growth & Recovery*^

**Featuring Clinically Studied BETAPOWER® + CREATINE, MyoTOR® & TESNOR®**
To Enhance Power, Improve Strength & Stamina and Support Testosterone Levels*^

**With Only Premium, Ultra-Pure, Fast-Digesting Protein**
Only Whey Hydrolysates and a Clinical Core of Whey Isolate & Leucine to Improve Strength*^

FILL LINE

## USAGE BENEFITS

**For Pre-Workout & Cardio**
Clinically Proven Support for Strength, Power, Performance & Stamina for Superior Results*^

**For Post-Workout & Cardio**
Provides Fast-Digesting Whey Isolate & Hydrolysates Plus Leucine to Fuel Muscle Support & Recovery*^

**On Non-Training Days & Between Meals**
Provides High-Quality Protein & Critical Amino Acids to Fuel Muscles while you Recover from Intense Training, Plus Healthy Testosterone Support*^

If it's on our labels, then it's in our bottles. Full dosing, full transparency and no proprietary blends. Clinically studied ingredients backed by real science. The most effective and premium performance protein available. Get power. Be alpha.
