OUR QUALITY COMMITMENT TO YOU

Since 1935, our mission as the industry leader has been to provide you with the highest-quality nutritional supplements. We continue to stand behind this mission. If you're not 100% satisfied with your purchase, return the unused portion of the product with your receipt within 30 days and we'll either refund your money or find you a replacement product that is right for you.

GNC Triple Strength Fish Oil Plus Joint combines premium ingredients that support joint health.*

Triple Strength Fish Oil

Our Triple Strength Fish Oil is packed with Omega-3s, including EPA, which supports joint health and the body's natural anti-inflammatory response.* What's more, EPA supports heart and circulatory health, as well as normal, healthy triglyceride and cholesterol levels.* Omega-3s also provide support for healthy vision, brain development and skin health.*

AprèsFlex® and Levagen®

AprèsFlex® is a potent boswellia serrata extract, which is clinically proven to support a 7 times greater improvement in joint comfort, as well as improvements in joint stiffness and function, in as few as 5 days. It is thought to work by targeting pathways related to your body's natural anti-inflammatory response.** Levagen® supports a healthy response to inflammation and may support comfort.*

*In a 30 day, randomized, double-blind, placebo-controlled study of 67 adults, subjects taking 50 mg of AprèsFlex® twice daily experienced a statistically significant difference in mean improvements from baseline for joint comfort, stiffness and function as measured by WOMAC that was 7, 5 and 43 times greater in the AprèsFlex® group than placebo, respectively, after 30 days. Statistically significant improvements were seen as early as 5 days.
