**DIRECTIONS:** As a food supplement for infants 4-12 months of age, give one serving daily or as directed by your healthcare practitioner. Place directly on mother's breast, a clean surface, finger or pacifier. May also be mixed with other liquids (milk, juice or water). For children 12 months or older or for more customised recommendations for all ages, consult your healthcare practitioner. GNC recommends consulting with your healthcare practitioner prior to consumption because of each child's unique nutritional needs.

Do not combine with other products providing vitamin D. Shake well before use. Use before Best Before date.

**Amount Per 1 Drop (33.2 µl)**

**% RI**

Vitamin D

10µg (400IU)

200%

RI = Reference Intake

**INGREDIENTS:** Extra Virgin Olive Oil, Medium Chain Triglycerides, Antioxidants (Natural Mixed Tocopherols, DL-Alpha Tocopherol), Sunflower Oil, Cholecalciferol (Vitamin D3).
