

What Makes Gold Series 100% Whey Protein Advanced the New Gold Standard?

By using whey protein isolate as our leading protein source, Gold Series 100% Whey Protein Advanced delivers a fast-acting, lean-muscle-building protein with fewer impurities.** This formula provides naturally occurring BCAA (branched chain amino acids) in addition to key enzymes and vital nutrients, without the high levels of cholesterol, sodium and fat that some proteins offer. We demand superior quality every step of the way, and that's exactly what makes Gold Series 100% Whey Protein Advanced the new gold standard.

The New Gold Standard

- Fast-Acting Whey Protein Isolate is the Leading Protein Source
- 24g of Protein Per Serving
- Includes Ultra-Filtered Whey & Hydrolyzed Peptides for Less Cholesterol, Fat & Carbohydrates
- 5.5g BCAA Per Serving
- 4g Glutamine & Glutamic Acid Precursors Per Serving
- Contains 100mg Digestive Enzymes Aminogen® & Lactase
- Mixes Instantly & Tastes Amazing

Mixing Directions & Tips

STIR Simply add 1 scoop to 6-8 oz of cold water in a glass and stir with a spoon for 20 seconds. Add fat-free milk, flavored almond milk or soy milk for a quick and delicious snack.

SHAKE Combine 1 scoop with 6-8 oz of cold water, milk or your favorite beverage in a shaker cup.

BLENDE Combine 1 scoop with 6-8 oz of cold water to make a delicious smoothie adding fruits, juices, peanut butter or yogurt.

TIPS 1. Mix powder in your oatmeal, yogurt or favorite food. Simply adjust the recommended liquid for each individual recipe.

2. To achieve a higher protein level, you may use 2 scoops with each recipe above. Simply adjust the recommended liquid for each individual recipe.
